

Powerpack 2 Specifications

Capacity (Per Pack):	210 kWh (AC)
Power (Per Pack):	50 kW (AC)
Net System Efficiency:	88% round-trip (2 hour system)
	89% round-trip (4 hour system)
Operating Temperature:	-30°C to 50°C
Scalable Inverter Power:	from 50kVA to 625kVA (at 480V)
Depth of Discharge:	100%
Cycle Life:	5000 Cycles
Warranty:	10 Years
AC Voltage:	380 to 480V, 3 phases
Additional Features:	<ul style="list-style-type: none">• Bi-Directional Inverter (Inbuilt)• Thermal Controller• Modular Scalable Design
